

## Wedding Music Checklist

Your choice of music is a big part of your big day – it sets the tone for the occasion, and it is also a way for you to express yourselves to your family and friends. While my live repertoire is obviously limited, in terms of recorded music your choices are endless.

Please give some thought to the music you would like to have played, as it applies to your order of events (live by me, or off the iPod/laptop), fill them in on the list, and email it back to me within 2 weeks of the big day. I am happy to give suggestions if you would like them, although I find that the best choices are songs that have special significance to the couple:

### Key Music Moments

#### Ceremony:

- Processional – flower girl/bridesmaids:
- Processional – bride:
- Exchanging of rings:
- Signing of the registry:
- Recessional:
- Other:

#### Pre-reception

- 

#### Reception:

- First introduction as married couple:
- First dance:
- Father-daughter / Mother-son dance:
- Cutting of cake:
- Bouquet toss:
- Garter toss:
- Last dance:
- Other:

#### Dance music:

I strive to personalise every aspect of my services in order that you and your guests can have the best experience possible. Please feel free to suggest any particular songs you would like included in my DJ playlist by filling in the song names and recording artists on the following page. Please include songs that are associated with good times with each other, your families and friends. You might even email your guests for their top 3 dance song suggestions.

#### Final consideration:

In doing the seating arrangements, please consider seating more elderly guests away from the speakers, which will be positioned near to wherever you choose to have me set up in the reception area.

Many thanks!
